Summary

Cross-platform Flutter developer and technical lead for the App-Oreo Team with hands-on experience shipping high-performance applications to Google Play and the Apple App Store. Passionate about achieving 90fps performance and pixel-perfect UIs using Clean Architecture, MVVM, and state management (Provider, GetX). Proven track record of integrating real-time features (WebSockets, Agora), complex payment SDKs (Stripe), and leading development from QA execution to production release.

Experience

Join Venture AI

Junior Flutter Developer · Assistant Team Leader

Dhaka, Bangladesh

Sep 2025 – Present

- Engineered cross-platform Flutter applications following Clean Architecture, reducing feature delivery time by ~25% through modular design.
- Optimized UI rendering pipelines, resolving jank on low-end devices and targeting 90fps to improve frame rate consistency by 20%.
- Integrated REST APIs, WebSockets, and third-party SDKs including Agora (video/audio) and Stripe (payments).
- Led a team of 3 junior developers; conducted code reviews, technical mentorship (including Socratic deep-dives into Dart/Java concepts), and reduced production hotfixes by 30%.

Freelance Mobile Developer / App-Oreo Team Lead

Lead Flutter Developer

Dhaka, Bangladesh

Jan 2025 – Present

- Spearheaded end-to-end app development and acted as the primary technical point of contact for international clients via freelance platforms.
- Engineered the LIVU App for the Apple ecosystem, featuring a complex predictive dashboard that calculates performance scores and fatigue risk.
- Implemented a subscription-based monetization model using Stripe for a Flutter-based job-searching application, managing deployment and platform fee considerations.

Innovation IT

Mobile App Developer

Dhaka, Bangladesh

Mar 2025 – Sep 2025

- Built native Android applications in Java with responsive Material Design UIs aligned to platform lifecycle best practices.
- Integrated REST APIs and Firebase backend services (Auth, Firestore, Storage) for dynamic content delivery.
- Reduced APK size by 15% and resolved platform-specific crashes to maintain 99.5% crash-free sessions.

Projects

ScoreLivePro · Flutter · WebSockets · Localization · QA

[Google Play](#) — [App Store](#)

- Managed quality assurance (QA) and development tracking for a real-time sports companion app.
- Implemented 6-language localization and handled 100+ concurrent data updates per second via WebSocket streams without UI lag.
- Published cross-platform to both stores, achieving 4.8 average rating.

Geography Geyser · Flutter · Dart · Firebase · REST API

[Google Play](#) — [App Store](#)

- Transitioned the application from closed testing to production, shipping to 2,000+ users across Google Play and the App Store.
- Engineered offline-first caching, which reduced bounce rates by 15%, and managed the end-to-end release pipeline.

NetworkX Mobile App · Flutter · Provider · REST API

[Google Play](#)

- Built an enterprise mobile app with API-driven dashboards; engineered the network layer with automatic token refresh for seamless authentication.

AnchorUP & Reflections · Modular Architecture · GetX · GoRouter

[GitHub](#)

- Architected modular Flutter apps with reusable widget libraries, accelerating future feature development by 30%. Integrated Firebase persistence using the repository pattern.

Technical Skills

Languages: Dart, Java, C / C++

Mobile Frameworks: Flutter, Android SDK, Provider, GetX, GoRouter

Architecture: Clean Architecture, MVVM, REST API Integration, WebSockets

Backend & Services: Firebase (Auth, Firestore, Storage), Agora SDK, Stripe SDK, Google Maps SDK

Tools & Platforms: Git, GitHub, VS Code, Android Studio, Xcode, Postman, Google Play Console, App Store Connect

Languages: Bengali (Native), English (Professional Working)

Education

Canadian University of Bangladesh <i>Bachelor of Science in Computer Science</i> (Expected 2027)	Dhaka, Bangladesh <i>2025 – Present</i>
Feni Computer Institute <i>Diploma in Computer Science and Technology · CGPA: 3.56/4.00</i>	Feni, Bangladesh <i>2020 – 2024</i>
Dhakil Vocational <i>Computer Technology · GPA: 5.00/5.00</i>	Feni, Bangladesh <i>2018 – 2020</i>
